**BREEDERS AWARDS:** A monetary award that is paid to the breeder of a registered California-bred Thoroughbred finishing first, second, or third in any race run in California and any graded stakes races conducted within the United States. Breeders will receive 75% of the remainder of the total incentive award monies after owner awards are paid, with an individual breeder receiving a prorated share of this breeders fund. The maximum purse considered earned in any qualifying race within this state shall be \$330,000 for a win, \$120,000

for a second, and \$90,000 for a third-place finish. Breeder awards always are paid exclusive of nomination, entry and starting fees.

**OWNERS AWARDS:** A monetary award that is paid to the owner of a registered California-bred Thoroughbred horse that runs in qualifying races in California. Owners can receive at least a 20% bonus for finishing first in an open starter allowance above \$15,000 and open non-maiden claiming races with a claiming price of \$40,000 or greater in Southern California and \$20,000 or greater in Northern California. These levels are purposely set high to encourage the ownership of high-quality runners and to restrict the number of qualifiers so that the awards will function as a major incentive. Owner awards always are paid exclusive of nomination, entry, and starting fees. They are listed in the racing program and will be distributed at the same time as the purse by the paymaster.

**STALLION AWARDS:** To stimulate the acquisition in California of nationally prominent stallions, and retain high-caliber California stallions, monetary awards are paid annually to the owners of registered California stallions whose California-conceived or California-bred get have won a qualifying race or have finished, first, second, or third in a stakes race in the state or any graded stakes race within the United States during the year.

Qualifying races are any non-claiming races, including maiden allowance and starter allowance races, with a purse of at least \$15,000, and open non-maiden claiming races with a claiming price of \$40,000 or greater in Southern California and \$20,000 or greater in Northern California also qualify. Stallion awards are exclusive of nomination, entry, and starting fees. Stallions must be registered by Feb. 15 each year to be eligible for stallion awards.

Stallion owners will receive 25% of the remainder of the total incentive award monies after owner awards are paid, with an individual owner of a registered California stallion (as of Dec. 31) receiving a prorated share of the stallion fund based on the total qualifying earnings of the get during the year.

The maximum purse considered earned in any qualifying race within this state shall be \$330,000 for a win, \$120,000 for a second, and \$90,000 for a third-place finish. The stallion must be continuously present in California from Feb. 1 to July 15, inclusive, of the year or any subsequent calendar year in which he stood at stud and fathered the participant in the race. If a sire dies in this state in the year or any subsequent year and stood his last season at stud in this state, or was standing at stud in this state on the date of his death or any subsequent year, he shall thereafter continue to be considered an eligible Thoroughbred stallion regarding a race participant fathered by him in that season.

The California Thoroughbred Breeders Association (CTBA) will help compile data, but it is the ultimate responsibility of the stallion owner to advise that official registering agency, on or before Feb. 15 of any year, of any and all purses earned during the preceding year that shall be considered in determining the amount of the stallion award to which the owner is entitled.

**BREEDERS AWARDS:** A Breeder's Award is earned when an IL Registered Thoroughbred wins any race in the state of Illinois. The owner's share of the Breeder's Award is 11.5% of the winner's share of the base purse. The winner's share of any race in Illinois is normally 60% of the purse. The base purse is the amount put up by the purse account and does not include any funds added by the Illinois Thoroughbred Breeders Fund, horsemen, Breeders' Cup, etc.

Open races - In an open race, the entire Breeder's Award (11.5% of the winner's share of the base purse) goes to the breeder of the winning horse (the winner's share in an open race may also include part of an owners award, if earned, paid from the purse account).

As an example, we will say that the base purse of an open allowance race is \$22,000. The base purse times 60% equals the winner's share. The winner's share times 11.5% equals

the Breeder's Award. Base purse \$22,000, X winner's share (60%)=\$13,200 X 11.5% = Award \$1,518 Illinois.

**RESTRICTED RACES:** In a race restricted to Illinois Registered horses, the Breeder's Award (11.5% of the winner's share of the base purse) is divided among the first four place finishers, The winner gets 60% of the Award: second, 20%: third, 15% and fourth, 5%. Again, as an example, we will use an allowance race, this time restricted to Illinois Registered horses. The base purse of this race is \$20,000. The base purse times 60% equals the winner's share. The winner's share times 11.5% equals the Breeder's Award. Base purse \$20,000 X Winner's share (60%)=\$12,000 X 11.5%=Award \$1,380 The Breeder's Award in a restricted race is divided among the first four place finishers using the percentages as follows: Breeder's Award \$1,380 X 60% To the Winner=\$828 X 20% To Second=\$276 X 15% To Third=\$207 X 5% to Fourth=\$69.
